Work Experience

WordPress Developer (Freelancer)

February 2022 to January 2024

- Working as a freelance WordPress Developer, creating and customizing websites for different clients. Developed and maintained various sites, ensuring they are fast, secure, and meet client needs. Achieved 100% client satisfaction.

Intern Web Developer

June 2023 to September 2023 (4 months)

- Learned about the operations of the company's tech team at Punjab Municipal Development Fund Committee (PMDFC)
- Coordinated communications between multiple departments

Mobile App Developer

September 2023 to Present

- Currently working under the supervision of my course instructor on Flutter development, contributing to various apps, and maintaining a user satisfaction rating of 100% by providing responsive tech support to clients.

Relevant Skills

- Flutter:** Built high-performance cross-platform mobile apps.
- Firebase:** Used for real-time databases and authentication.
- MERN Stack:** Developed full-stack web applications with MongoDB, Express.js, React, and Node.js.
- Front End & Back End Coding:** Skilled in both client-side and server-side development.
- Technical Documentation:** Created clear and useful technical documentation.
