Education

LAHORE GARRISON UNIVERSITY   Lahore, Pakistan
Bachelors in Software Engineering (3.2 CGPA)   2021 - present

UNIQUE COLLEGE LAHORE   Lahore, Pakistan
ICS (80%)   2019-2021

Professional Experience

Home Tutor
- Leveraging 1 year of home tutoring experience, I guided students in their learning journey, leading to a notable 90% increase in their final scores.

Academic Projects

GYM Website (Team Project)
Designed and developed a responsive gym website with a focus on frontend design using HTML, CSS (Bootstrap), and JavaScript.

E-Commerce Website (Individual Project)
Crafted an e-commerce website, focusing on user-friendly navigation and dynamic product displays.

Alexa Desktop App
Developed a desktop application with "Alexa" using PHP and Tkinter, showcasing proficiency in cross-language integration and user interface design.

Extracurricular & Volunteer Experience

CHAIN FOR CHAIN SOCIETY, LCWU   Lahore, Pakistan
– *Volunteer Work: Joined in my 1st semester to gain experience in social work. Tasked with raising awareness about my society and collecting donations.*

Success Throne Foundation
- I volunteer as a leader with Success Throne Foundation, helping matric and second-year students stay updated on new developments, admissions, and field-related information.
