Hasnat Ahmad

MERN DEV

Profile

I am Hasnat Ahmad, a dedicated MERN stack developer with experience in building responsive and dynamic web applications. My skills in MongoDB, Express, React, and Node.js, combined with hands-on e-commerce projects, enable me to deliver efficient and scalable solutions. I'm passionate about continuous learning and eager to contribute to innovative web development projects.

Education

FAST NUCES Lhr

BS-CS (ongoing)

2023 - present

Skills

- MERN
- Git/Github

Experience

- Developed a full-stack e-commerce application, "Shapparz," using the MERN stack (MongoDB, Express, React, Node.js). The app features user authentication, dynamic product listing, and responsive design. Leveraged Tailwind CSS for styling and implemented a robust backend to manage user data and product information efficiently. This project showcases my ability to build scalable and user-friendly web applications from the ground up.
